# City of Belmont FY 2016 Budget Brief

# **Message From City Management**

Honorable Mayor and Members of the Council:

I am pleased to submit the Proposed FY 2016 Budget for your review and consideration.

#### **Summary**

For a number of years now, the City's fiscal condition could be best described as "simply surviving". In response to recessionary pressures and state takeaways, the City was often forced to react by imposing cuts, reducing services or implementing cost containment strategies. However, last year marked a significant financial milestone from preceding years in that the City was able to stabilize operations. The FY 2016 Budget continues supporting Belmont's core values of providing quality service in a financially responsible way and maintaining existing service level commitments to residents and businesses of the community.

At the core of the City's financial success in achieving operational sustainability is the combination of innovation, fiscal discipline, an improved local economy and collaboration with the City's employees in achieving sustainable benefits.

However, if left unaddressed, the sheer magnitude of the City's aging infrastructure will continue to threaten the recent success in stabilizing operations. While the FY 2016 Budget provides limited, one-time funds to shore up reserves by directing funds toward emergency repairs which have been occurring with greater frequency, a great deal more must be done to reduce exposure from degrading infrastructure. In this regard, Belmont is not alone, as most cities on the Peninsula face this long-term issue.

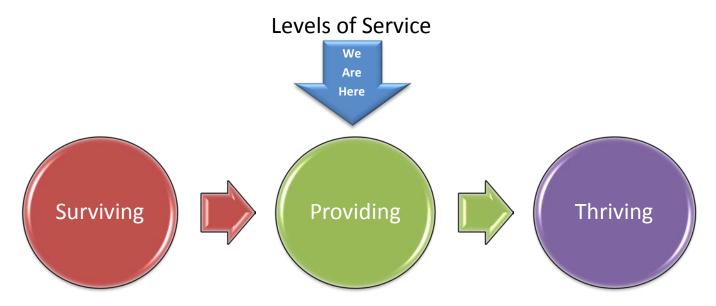

To address the aging infrastructure dilemma, the City has surveyed its residents and received considerable feedback on the community's highest priorities. The FY 2016 Budget will help engage the community further in the conversation about these challenges and what the options are for alleviating the problem. At this point, there is no stable, ongoing revenue stream to fund deferred maintenance projects into the future. Addressing the City's aging infrastructure will require identifying new revenue sources or ultimately competing with other General Fund sources for funding.

Unlike in past years, the City does not anticipate egregious takeaways by the State of California. However, at the time of this writing, the Governor's May Revise budget proposal had not been published, so it is unclear if there will be new proposals to further redirect local funds to solve State issues.

The proposed Budget is balanced and the long term projection for the General Fund is encouraging. The General Fund Budget is anticipated to have revenues of \$21.1M, and expenditures of \$17.7M, excluding transfers, and end with an unassigned reserve of \$6.6M, which is favorable compared to the 33% of operations reserve target.

#### **Moving Beyond Just Surviving**

As mentioned in the Summary, for decades, Belmont was constrained in its ability to accomplish more than just meeting the City's most basic needs due to the lack of dependable ongoing resources. More recently, as the chart below indicates, residents and businesses can now expect the City to provide a predictable level of service to meet existing operating commitments. This achievement was possible because of growing reserves and prudent management of personnel costs, including pension and retiree health benefits, and near-term risk exposures.

Most local governments, including Belmont, aspire to thrive as an organization. Certainly, the City's Vision Statement suggests that as a goal, using the term liberally throughout the document, particularly as it relates to cultural and economic matters. Some of the hallmarks of cities performing at this level include the provision of a broad array of services and activities for residents, workers and visitors, a high level of safety, robust reserves, well-funded pension plans, and capital infrastructure that is in good working order. Today, Belmont is headed in the right direction, but has much further to go.

#### **Focusing on Top Priorities**

Funding has been incorporated for the Council's Top 4 Priorities, including 1) Economic Development, Downtown Revitalization and Advance Planning, 2) Ralston Avenue Corridor Improvements, 3) Financing Plan For Infrastructure & Services; and 4) Park and Recreation Improvements (Facilities and Parks).

Moreover, the FY 2016 Budget gives the Council additional flexibility in meeting the needs of the community by allocating an additional \$400K in one-time funds to make strategic investments in priorities deemed of highest importance.

# **Top 4 Priorities**

Another influence on the FY 2016 Budget has been the public outreach for the General Plan Update and Community Priorities, which are elements of the Top 4 Priorities. So far, over 1,800 residents have participated in a community survey indicating their priorities for Belmont.

The top community priorities conveyed included:

- Maintaining 911 emergency response times. Over half of the City's General Fund budget goes to public safety – helping to maintain rapid 911 response times.
- Fixing streets. Belmont's deteriorating neighborhood streets are rated the worst in the County and rank in the bottom 7% of the entire Bay Area. Fixing our streets will improve road safety.
- Improving storm drains. Improving the City's 50-year-old, deteriorated storm drain infrastructure will help protect streets, property and the water quality of our creeks and Bay.
- Maintaining parks, open space, and sports fields. Well-maintained parks and sports fields provide our children with safe places to play.

It is a challenge for the City to be responsive to the resident's priorities within the current fiscal limitations, particularly given that over the last 20 years, the State has taken over \$15.5 million from the City.

### A Balanced Budget with Reserves...and Risk Mitigation

In keeping with established policy, the FY 2016 General Fund Budget is balanced. The City's five-year forecast predicts stable reserve levels for the planning period. Future fund balances are projected to be

above the \$5M minimum reserve requirement and within the policy reserve target of 33% operating expenditures.

While the \$5M General Fund reserve level is not optimal, given the inevitable contraction of business cycles and the potential exposure to a catastrophic loss from a natural or manmade hazard, this reserve level is prudent and marks the City's ability to modestly protect itself from the impacts from these types of losses.

The Budget also includes a one-time allocation of funding to replenish a \$1M reserve for Emergency Repairs. This is the primary source of funds to address unanticipated repairs to the City's infrastructure, including streets, retaining walls, bridges, culverts, waterways, buildings, etc., which was exhausted this last fiscal year.

Another key provision in this budget is the allocation of another \$50,000, for a total of \$100,000, toward the contingency reserve for unanticipated expenses. This allocation restores a prior budget cut to this reserve which plays a critical role in addressing limited unforeseen operational emergencies.

The FY 2016 Budget mitigates another risk by prefunding 50% of accrued leave at time of employee separation and establishes a mechanism to achieve 100% funding of this contractually obligated cost within the next 15 years.

The foregoing are examples of the City's disciplined approach in managing its fiscal affairs by identifying risks early, dealing with negative conditions quickly and adjusting to new conditions. This approach has helped the City contain costs. Difficult choices made by City Council and implemented by staff in the past have built a solid budget foundation for the future. Strategic reductions in staffing, such as those implemented after the RDA dissolution, concessions agreed to by labor, and tiered benefits have all resulted in successful cost containment. Barring an unprecedented event, such as what occurred with the RDA dissolution, the Budget is balanced and reserves levels are sensible.

#### A Few Words About Belmont's Staffing Plan and the CalPERS Pension Obligation

It is important to note that the Budget continues to provide a full complement of staffing to the community with 125.85 permanent full time equivalents (FTE) employed by the City and another 23 FTE in the Belmont Fire Department, which represents an increase of 1 FTE.

Beginning January 1, 2014, new retirement legislation, called PEPRA, was instituted for public employees. While PEPRA primarily affected new participants by providing lower benefits, it also affected existing participants through a variety of provisions designed to reform the existing retirement system.

Last year, CalPERS approved new rate-smoothing and mortality changes aimed at fully-funding retirements within 30 years and shoring up the cost of retirement longevity.

These changes, plus a proposed risk pooling consolidation, have created a five-year ramp-up of rates followed by a five-year ramp-down, with rate increases ranging from 11%-29% beginning with the FY 2016 Budget.

The Budget and the long-term projections reflect the PEPRA and CalPERS rate-smoothing changes and fully fund the annual required contributions.

#### **Local Funds and Sacramento**

Despite the Council's considerable achievements in managing the City's finances, actions by Sacramento have had a history of impacting the City's Budget. Two recent examples include the K-12 Local Control Funding Formula/Triple Flip and the Redevelopment Agency Dissolution.

The K-12 Local Control Funding Formula/Triple Flip removes local funds from cities and counties to reduce the State's obligation to local schools. The County Controller's Office has advised the new formula could eventually eliminate the entire \$700K of the City's excess ERAF property tax. In FY 2016 alone, the County of San Mateo reported a \$3.5M shortfall in the fund that collects excess ERAF and has made a request to the State to backfill that amount.

With respect to the Redevelopment Agency dissolution, the poorly drafted law which guides the winddown and the oversight of former redevelopment agencies has been problematic to implement. The City, acting as the Successor Agency of the Belmont Redevelopment Agency, is still working through a quagmire of issues created by the State Department of Finance, and while the major risk exposures appear to be behind the City, some budget risk remains.

It is still possible that the State may adopt a budget scheme which, if enacted, could negatively impact Belmont's ability to deliver services. Should the State take an adverse action with their budget, it is unlikely the City will know prior to this budget being adopted. That said, the League of California Cities is reporting the Governor's May Budget Revise is expected to include a proposal from the State Department of Finance which could be detrimental to the City. On the positive side, the Governor has indicated a desire to fund additional transportation projects and make further payments towards unreimbursed mandates.

#### **Belmont Fire Protection District**

The Fire District has been the beneficiary of improved property tax receipts. The FY 2016 Budget reverses the recent trend of depleting reserves and is proposed to end the fiscal year with an unassigned reserve balance of \$5.6M. This result reflects the recent reorganizations made in the Fire Department, as the District continues its shared service efforts with the neighboring communities of San Mateo and Foster City, which is yielding significant service improvements and cost savings. The FY 2016 Budget also includes establishment of a reserve set-aside for replacing fleet and facilities.

#### **Conclusion**

The City Council's ongoing commitment to prudent fiscal management, enhanced by strong economics, has moved the City beyond "just surviving". Residents and businesses of this community can expect the delivery of a predictable level of service to meet existing operating commitments. Reserves have been bolstered, personnel costs, including pensions and retiree medical costs, have been accounted for and known near term risk exposures mitigated. The challenge ahead is for the City to be responsive to the resident's priorities for maintaining 911 response times, fixing streets, improving storm drains and maintaining parks, open space, and sports fields within the current fiscal means available, particularly given Sacramento's ongoing take of funds from the City.

Again, this budget shows improvement over the past few budgets submitted by me for your consideration. Through ongoing collaboration and communication, the City Council and staff continue to move the City of Belmont in a positive direction. I continue to be grateful for having City employees who demonstrate commitment to the success of this organization each and every day and for a City Council who provides the leadership and support required to make Belmont a financially stable and well-balanced community.

#### **Acknowledgement**

As always, I would like to express my appreciation to all the staff for the hard work and collaboration shown in developing this budget and, in particular, the Finance Department for their efforts. The City continues to be fortunate to have such a talented and dedicated team.

I turn the proposed FY 2016 Budget over to you for review and approval.

Sincerely,

Greg D. Scoles City Manager

# **Assumptions**

#### **Demographics**

- Inflation: 2.7% increasing for the region
- Office Vacancy: 6.9% and improving for the City
- Unemployment: 3.5% and declining for County

#### Revenues

- Revenues: Continued moderate growth on reduced base with most key categories
- Property taxes: 5.9% for Belmont (Long term 3%) and 5.77% for the Belmont Fire Protection District (Long term 3%)
- Sales Tax: 2.0% for Belmont (Long term 2-3% growth)
- Interest rates: 0.3% for investments (Long term rising, flat on assets)

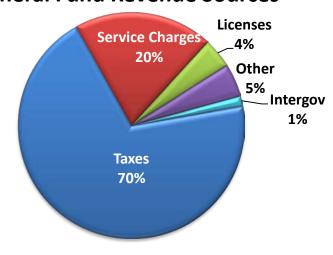

#### **Operations and Capital Improvements**

- Personnel costs: 2.5-7.5% for entire projection
- PERS costs: 17.495% for Miscellaneous Tier 1; 43.101% for Safety Tier 1 (Long term increase of 9% Miscellaneous; 22% Safety)
- Supplies and services costs: 3-4% growth with exceptions for fuels, utilities, insurance, etc.
- Capital program: \$10.6 million allocated

# **Budget Analysis**

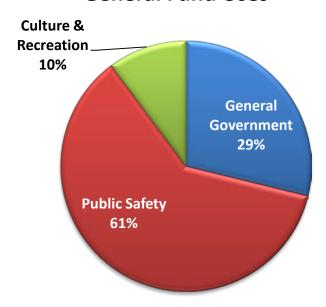

General Fund revenues support basic services including police, public works, parks & recreation and general government operations. The General Fund revenues have several components:

#### **General Fund Revenue Sources**

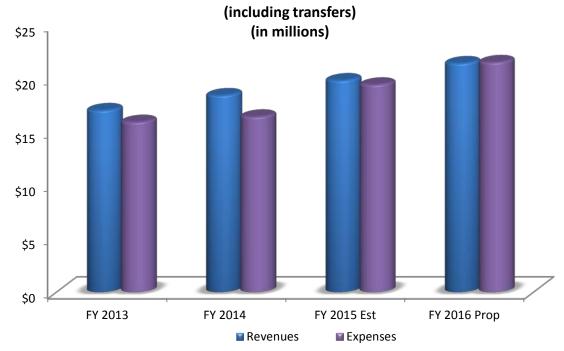

In FY 2016, General Fund expenditures total \$17.7 million, net of transfers, up \$1.1 million from the \$16.6 million estimated in FY 2015. This budget continues the best practice of fully funding the \$0.8 million in ARC (Annual Required Contributions) costs associated with implementing GASB 45, Other Post-Employment Benefits.

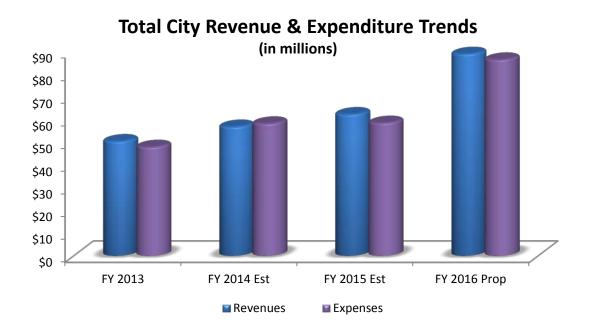

### **General Fund Uses**

# **Total General Fund Revenue & Expenditure Trends**

Total expenditures city-wide are estimated at \$86.4 million and city-wide revenues estimated at \$88.9 million. As has been the case in prior years, the City continues to make progress towards improving its infrastructure where revenue sources are available. In FY 2016, the focus will be on street improvement projects.

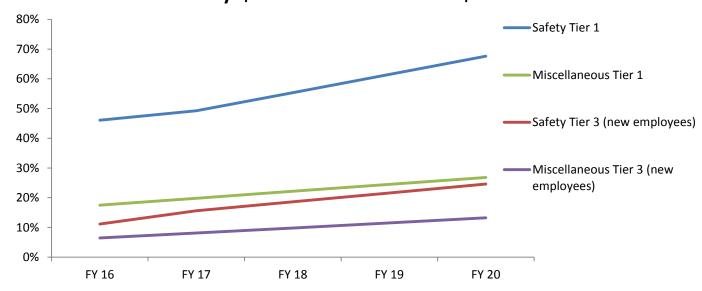

The City has accumulated reserves. Reserves fund capital projects and largely account for the difference between total revenues and total expenditures, once debt issues have been factored out. In addition, City Council has established a prudent reserve level to protect against service reductions or raising taxes and fees due to temporary revenue shortfalls or unpredicted events.

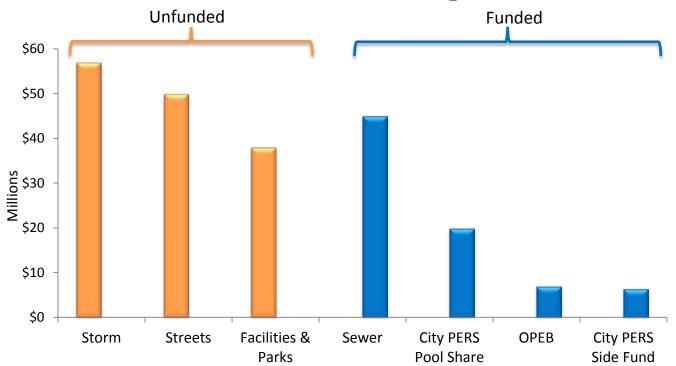

# **Obligations**

## 101-101 City Council

#### **Purpose**

The City Council serves as the legislative branch of City government and handles the fiscal responsibilities of the City. The Council makes up the policy leadership that directs the City government to meet the wants and needs of its residents.

The Council has the responsibility for setting all municipal policies not designated by state legislation, such as adopting ordinances and resolutions, and approving the City budget.

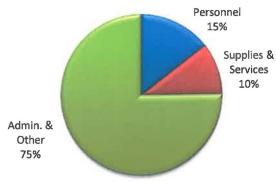

#### **Highlights**

Top Council Priorities for this Fiscal Year include the following:

- 1. Economic Development, Downtown Revitalization and Advance Planning
  - 2035 General Plan Update
  - Belmont Village Specific Plan
  - · Economic Development
  - Housing Program Assessment
- 2. Ralston Corridor Study Improvements
- 3. Develop a long term Capital Financing Plan for Infrastructure (Sewer, Storm, Streets, Facilities and Parks)
- 4. Park and Recreation Improvements
  - Athletic Field Improvements
  - · Complete Davey Glen Park

# 101-102 Contingency

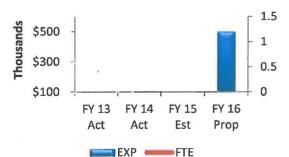

#### **Purpose**

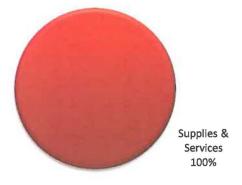

The Contingency Fund is a recurring appropriation for contingencies. The use of these funds is covered by a policy included as part of this budget. This account requires Council authority to spend.

#### **Highlights**

- The basic contingency allocation has been increased to \$100,000
- In 2015, a supplemental one-time appropriation of \$500,000 was budgeted to advance the Council's priority items. That process continues in 2016, with a one-time supplement of \$400,000, which, when combined with the \$100,000 recurring contingency allocation, provides \$500,000 to make strategic investments in priorities deemed of highest importance

## 101-111 Executive Management

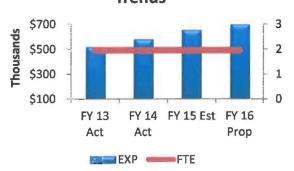

#### **Purpose**

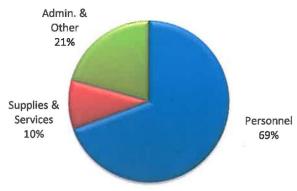

The purpose of this Fund is to ensure effective and efficient delivery of City services and to guide municipal operations in accordance with City Council policies and adopted Council Priorities.

#### **Highlights**

- Provide strategic leadership, visioning and planning;
- Manage and support overall organizational performance;
- Maintain the financial stability of the organization;
- Ensure policy direction is implemented as intended;
- Promote efficient and effective customer service.

## 101-121 City Attorney

#### **Purpose**

The City Attorney serves as chief legal counsel and is responsible for administration of all legal affairs of the City, its boards and commissions, the Belmont Fire Protection District, and the Successor Agency to the Former Redevelopment Agency. The City Attorney's Office is responsible for:

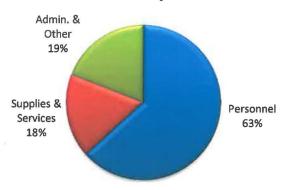

- Providing legal advice and opinions to City Council, City officials, City staff, the Successor Agency, City Boards and Commissions
- Overseeing all work done by outside counsel on behalf of the City
- Drafting and reviewing leases, ordinances, deeds, bonds, resolutions, contracts, and other legal documents
- Representing the City in litigation, administrative hearings, and other legal matters

#### **Highlights**

- · Revised Conflict of Interest Code
- Assisted with update of Record Retention Schedule
- Settled State's demand to remit \$1.3M related to former RDA activity
- Assisted with update of Quimby parkland dedication requirements and establishment of park impact fees for new development.
- Completed Development Impact Fee Procedures Ordinance, Campaign Finance Ordinance, Boards and Commissions Ordinance, and Housing Element Implementation Ordinance
- Assisted BFPD in establishing Fire and Panic Safety Inspection Program
- Participated in negotiating potential development agreement for Firehouse Square property
- Assisting with General Plan Update

## 101-201 City Clerk Services

#### **Purpose**

The City Clerk's Office serves to ensure compliance with state and local laws and policies related to official City records. These records are required to be accurate, timely and provided to the public in a prompt courteous manner.

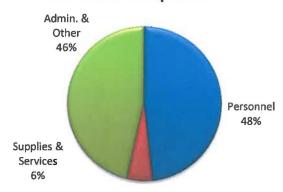

The Clerk's office is also responsible for maintaining a wide variety of vital permanent City records, including City Council minutes, resolutions and ordinances. The City Clerk's Office also manages and coordinates the Council's meeting packet, produces meeting minutes, and is the gateway for ensuring the public's access to public records.

#### **Highlights**

- Following recent adoption of new records retention schedule, in FY 16, the City Clerk's Office will facilitate the implementation of revised procedures for records destruction and records management systems.
- Work with IT Department to continue refining the automated agenda system and electronic documents management program.
- Coordinate the November 2015 regular Municipal Election for two council positions, the City Treasurer and City Clerk positions, as well as a potential City initiative
- Respond to Council, citizen and staff requests, and maintain state-required records for Council, Commissions and designated employees

### 101-401 Human Resources Center

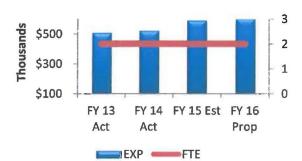

#### **Purpose**

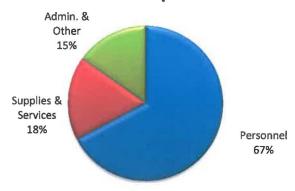

The Human Resources Department is responsible for citywide recruitment and selection. benefits administration, classification and compensation. Additional include responsibilities Workers' Compensation, safety compliance, labor law compliance, employee relations (corrective action, grievance management, and labor contract negotiations), and employee wellness. The Department oversees and collaborates with Department Heads in performance management, training and development and workforce/succession planning. Additionally, HR responds to discrimination and harrassment complaints and consults with and makes recommendations to management and employees on a variety of organizational issues.

#### **Highlights**

- Negotiated successor MOU with the Belmont Police Officers Association
- Completed the Council Benefits Modification, a Council Priority
- Zero disciplinary actions that were grieved
- Created Internship Program in collaboration with Carlmont to introduce students to municipal government
- Coordinated the 1st Blood Drive for Employees and Communityanded to the Community
- Employee Wellness Program: Employee Biometric Screening onsite and Educational Sessions
- Revamped HR webpage for increased transparency and ease of navigation.

## 101-501 Financial Operations

#### **Purpose**

The Finance Department supports the delivery of City services by managing financial resources in a thorough, responsive and accurate way that safeguards assets, promotes a system of internal controls, complies with laws and regulations, and maintains the public trust.

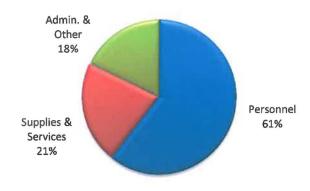

The Financial Operations Division ensures that sufficient funds are available to meet the obligations of the City.

#### **Highlights**

- Supported the Infrastructure Ad-Hoc Committee to address deferred maintenance and future Capital needs alternatives with long-term Capital financing and instituted a community engagement effort on priorities.
- Supported the Successor Agency and Belmont Oversight Board in the winddown of the Belmont Redevelopment Agency.
- Completed Redevelopment Agency Debt Refinancing and analyzed options for funding Sewer Treatment Plant Capital requirements.
- Implemented electronic bill payment capability.
- > = Council Priority Active Project

## 101-502 Financial Planning and Reporting

#### **Purpose**

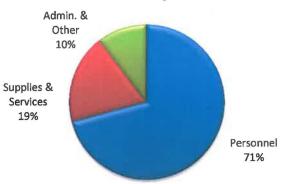

The Financial Planning and Reporting Division enables informed decision-making by applying Generally Accepted Accounting Procedures (GAAP), analyzing alternatives, reporting results and projecting information in a manner that facilitates fiscal stewardship and the attainment of a strong financial position.

#### **Highlights**

- The top priority objectives of Economic Development, Downtown Revitalization and General/Specific Planning continue to be advanced.
- > The majority of unspent RDA bond proceeds were used to retire debt.
- The Department received the highest recognition from GFOA for outstanding financial reporting.
- Redesigned the Monthly Financial Reports to improve readability.
- = Council Priority Active Project

# 101-503 Risk Management Services

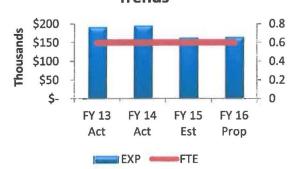

#### **Purpose**

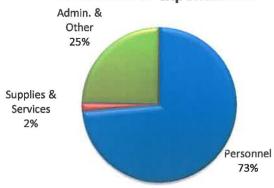

The Risk Management Division serves to minimize the City's financial losses from liability exposure, property damage, and other casualties.

#### **Highlights**

- The annual report of the City's Risk Management Program was issued.
- Working with the City Attorney, the Department continues to identify better ways to transfer risk to others through improved contractual agreements.

## 101-600 Law Enforcement Administration

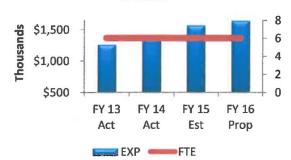

#### **Purpose**

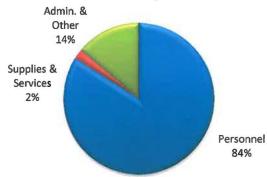

The Law Enforcement Administration Division provides management oversight and support to all divisions within the Police Department.

#### **Highlights**

- Provide the leadership and guidance to allow this department to meet and exceed the expectations of the community.
- Coordination of Emergency Preparedness services
- · Recruit and prepare high quality staff.
- Promote community partnerships via special events and social media.

### 101-601 Crime Control

#### **Purpose**

Crime Control is the largest division in the Police Department and includes all uniformed officers who respond to emergency and non-emergency calls for service as well as the Investigations Bureau and School Resource Officers.

The Investigations Bureau conducts follow-up on reports taken by patrol officers and works with officers and investigators from law enforcement agencies throughout the country.

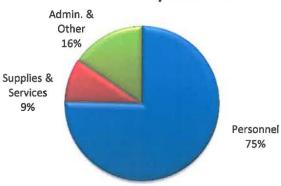

The School Resource Officers work within the Investigations Bureau and identify youth that are at risk, provide outreach and education to the youth of Belmont and investigate crimes committed by juveniles.

#### **Highlights**

- · Impartial enforcement of laws
- Prevention and deterrence of crime, including the new Belmont Watch Program
- Apprehension and prosecution of offenders which included a murder conviction and several gang endictments
- Response to emergency and nonemergency calls in a timely manner
- Collaborative resolution of public safety problems within a community policing philosophy

# 101-602 Traffic & Community Safety

#### **Purpose**

The Traffic Unit's duty is to educate the motoring public, enforce the street traffic regulations of the City, enforce the State's vehicle laws applicable to traffic, make arrests for traffic violations, and to investigate traffic accidents.

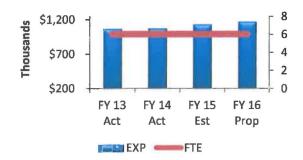

The Traffic Unit works with the Public Works Traffic Engineer and other departments to improve traffic conditions and traffic safety.

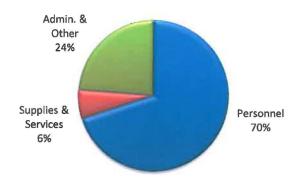

This division also includes a non-sworn officer whose duties include parking enforcement, code enforcement, vehicle abatement, traffic control, abandoned vehicles, and various other details, including taking limited types of criminal reports.

#### **Highlights**

- Enforcing State vehicle code and City parking regulations
- Coordinating with other City departments for traffic calming and collision reduction
- Marking and towing abandoned vehicles
- Soliciting and responding to traffic enforcement concerns via the new "Traffic Enforcement Hot Spot" Program
- · Investigating vehicle collisions

# **101-604 Police Support Services**

#### **Purpose**

The Support Services Division is comprised of Records and Communications.

The Records Bureau maintains all criminal records and responds to requests for copies of police reports and other official documents received by the Department. Records is also responsible for handling front counter inquiries, warrant verification, statistical compilation for the U. S. Department of Justice and the FBI, processing of subpoenas and other court documents.

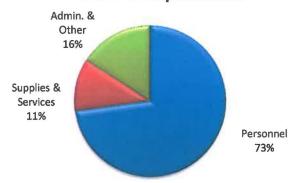

Communications is the link between citizens and the Police Department. They handle all 9-1-1 communications and radio support for officers on the street.

### Highlights

- · Timely dispatch of calls for service
- Securely storing and organizing property and evidence
- Enhancing professional standards and controlling liability through the effective delivery of training services
- Safeguarding, maintaining and reporting police records in compliance with the law

# 101-811 Parks and Open Spaces

#### **Purpose**

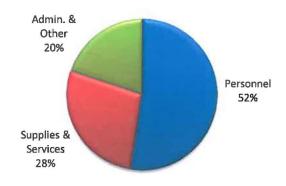

The Parks and Open Spaces Division exists to enhance the quality of life in Belmont through the maintenance and improvement of the City's parks, public spaces, and open space in the community.

#### **Highlights**

- Maintenance/repair of landscaping in 14 parks, 335 acres of open space and trails, 11 athletic fields, 3 acres of development right-of-way, 13 acres of undeveloped right-of-way and 5.6 acres of developed medians
- Open space activities, including fire reduction, trail maintenance, and invasive species removal
- Water reduction a top priority; replacing ornamental lawns, reducing or eliminating irrigation on medians, and installing sensing equipment on athletic field water systems
- Maintenance and improvement of the turf at athletic fields
- > = Council Priority Active Project

			systems to meet mandated water conservation efforts.

# 205-820 Recreation Programs

#### **Purpose**

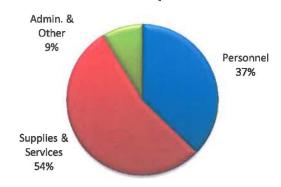

The Recreation Division serves to enhance the quality of life in the community by promoting lifelong learning and health and wellness, and providing quality classes and services.

#### **Highlights**

- Provide for recreation programs for youth, adults and seniors in City facilities
- Partner with community groups, nonprofits, and local organizations to provide recreational opportunities
- Provide developmentally-appropriate, safe and caring childcare services

# 205-822 Community Learning Center

#### **Purpose**

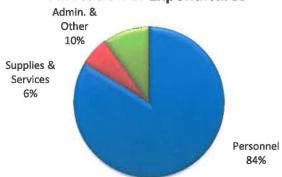

The Community Learning Center serves to provide a developmentally-appropriate preschool program which encourages growth and creativity in a safe and nurturing environment.

#### **Highlights**

- Fostering cognitive, physical, social and emotional development
- · Hiring and retaining quality staff
- Providing enrichment opportunities, field trips and special events
- Providing nutritional snacks
- Encouraging parent participation and education
- Supported by a Parent/Teacher nonprofit organization

### 205-823 Senior Services

#### **Purpose**

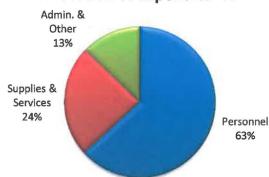

The Senior Services Division serves to enhance the quality of life for the senior citizens of Belmont by providing a place to gather and maintain community connections through clubs, social and volunteer opportunities, lifelong learning, nutritional lunches, health and wellness programs and services, activities and events.

#### **Highlights**

- Provide educational classes, seminars and workshops
- Provide local transportation to/from the Senior Center
- Partner and provide social opportunities, special events and day trips
- Partner and provide information and referral services
- Provide a lunch program with balanced meals for seniors.

# 206-801 Library Maintenance & Operations

#### **Purpose**

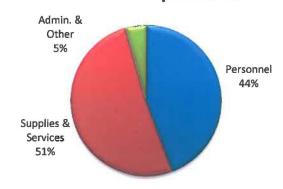

The Library Maintenance & Operation Fund supports the enhanced learning opportunities for the community by providing and maintaining a safe and well-maintained Library facility.

#### **Highlights**

- Maintenance and repair of the various structural and mechanical systems, including roofs, fire safety equipment, lighting, HVAC systems, doors and windows
- Facilitation and supervision of regular and routine custodial service
- Efficient and effective management of natural gas and electricity
- Coordination of a facility maintenance program for the Library

## 207-812 Athletic Field Maintenance

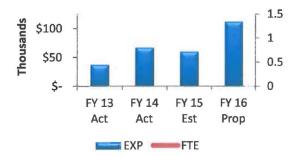

#### **Purpose**

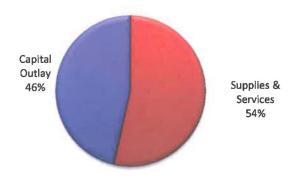

The Athletic Field Maintenance Fund supports the ongoing maintenance of the City's athletic fields. The funds are collected from the City's youth and adult sports partners and used for direct benefit to the athletic fields and facilities in Belmont.

#### **Highlights**

- Improvements to the athletic fields including turf repair, materials, and services to directly benefit the sports leagues in Belmont.
- Synthetic turf project at Belmont Sports Complex
- Fence extension project on the South Field of the Belmont Sports Complex
- > Athletic Field Improvements
- > = Council Priority Active Project

# 208-811 City Tree Fund

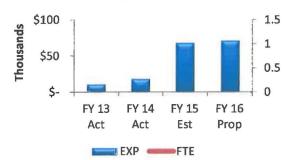

#### **Purpose**

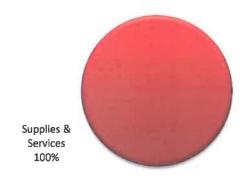

The City Tree Fund is reserved for the maintenance and improvement of the City's urban forest, including the planting, care, and maintenance of trees.

#### **Highlights**

- The City Tree Fund collects funds from the removal of trees required for the development of property, maintenance tree removals, and Tree Ordinance violations.
- Funds have been used to purchase trees for the annual tree giveaway and for the maintenance, expansion, and improvement of the urban forest
- Funds are also used to support permitting activities through a contract arborist.

## 210-904 Permit Center

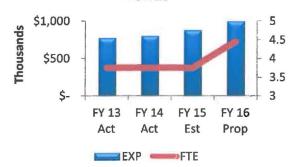

#### **Purpose**

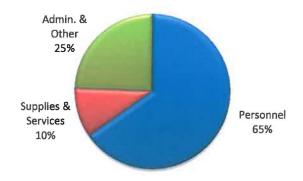

The Permit Center provides assistance in the processing of Building, Planning, and Public Works applications. This division also disseminates information regarding development and land use to those that live, work and do business in Belmont.

#### **Highlights**

- Consistent, accurate and timely responses to inquiries
- Pre-application meetings and consultations
- Building Permits
- Plan Review
- Inspections
- Fire Plan Review
- Fire Inspections

## 223-115 Suppression and Rescue

#### **Purpose**

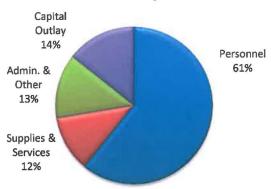

The Belmont Fire Protection District provides all risk emergency services to the City of Belmont and the unincorporated Harbor Industrial District. Suppression and Rescue is the largest division in the Fire Department and includes the Fire Captains and Firefighters who respond to emergency and non-emergency calls for service. The crews operate out of the two Belmont Fire Stations as well as a San Mateo Fire Station as part of a shared Tiller Truck services agreement.

### **Highlights**

- Respond to emergency and nonemergency calls for service in a timely manner
- Member of shared command staff and Tiller Truck services with Foster City and San Mateo providing Emergency Incident Management
- Provide public education opportunities to the community
- Collaborative resolution of public safety concerns
- Participative member in Central County Joint Training Division which affords the Department the opportunity to train with partner agencies.

## 223-116 Hazardous Materials

#### **Purpose**

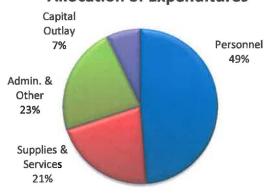

The Hazardous Materials Division operates under a fee-for-service contract with the County of San Mateo to provide Hazardous Materials Emergency Response to all jurisdictions within the County of San Mateo. Belmont personnel operate in partnership with the County Environmental Health Department and the Office of Emergency Services to form the Response Team.

#### **Highlights**

- Respond to emergencies and nonemergencies in a timely manner
- Collaborate with Office of Emergency Services and Environmental Health during response
- Provide hazardous materials training to other fire departments and new recruits
- Provide hazardous materials consultation to other agencies
- Maintain training and skills of Team Members

## 223-117 Fire Administration

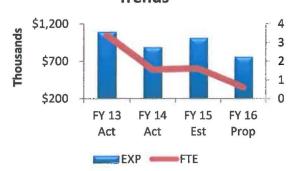

#### **Purpose**

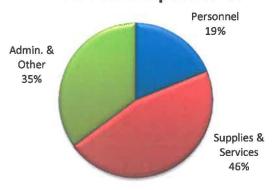

The Fire Administration Division serves to ensure efficient and effective delivery of fire services in accordance with Fire Board polices and industry standards.

#### **Highlights**

- Provide visionary leadership, operational planning, employee mentoring and succession training
- Maintain and enhance administrative oversight partnership with the City of San Mateo and Foster City
- Collaborate with community members and other departments within the City
- Provide organizational and budgetary oversight to other divisions in the fire department

## 223-118 BSCFD Legacy Costs

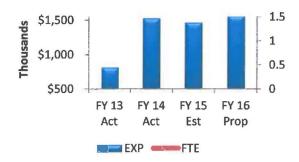

#### **Purpose**

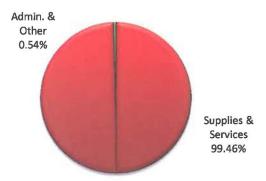

The Belmont-San Carlos Fire Department (BSCFD) Legacy Costs Fund reflect the Department's obligations in a postoperations era since the September 30, 2011 dissolution. The budget funds winddown activities, such as unfunded liabilities of the safety and miscellaneous retirement plans with CalPERS, Other Post-Employment Benefits (OPEB), outstanding workers compensation claims from past Fire Department employees, transfer insurance proceeds the Department received from the accident at Fire Station 15, and administrative and professional services required to carry-out the above activities.

#### **Highlights**

 Ensure effective direction in handling the contributions to be paid by the member agencies.

## 231-701 Street Planning & Project Management

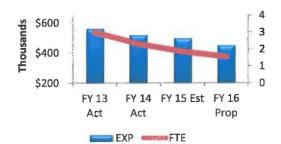

#### **Purpose**

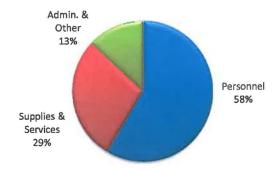

The Street Planning and Project Management Division manages the City's transportation infrastructure in a cost effective way to ensure the mobility and safety of all users.

#### **Highlights**

- Evaluating existing street infrastructure (i.e., pavement, traffic signals, street lights, sidewalks, retaining walls and signs) conditions
- Developing strategies to determine cost effective approaches to pavement management
- Street Capital Project Planning
- Preparation and Administration of Grant Applications
- Managing Traffic Parking and Safety Committee
- Implementing the City's Complete Streets Policy
- Regulatory Compliance

Department

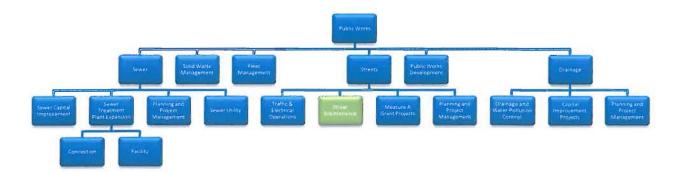

Fund

231 Street Maintenance Gas Tax

\$61,473 C/CAG Congestion Management Program \$30,000 Traffic Engineering Consulting and Engineering Support

**Public Works** 

## 231-750 Street Maintenance

#### **Purpose**

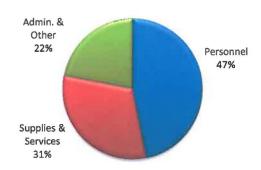

The Street Maintenance Division serves to protect and extend the life of the roadway infrastructure and promote safe and efficient transportation.

#### **Highlights**

- Maintain and repair 140 lane miles of streets
- Maintain and repair City-owned curbs, gutters, sidewalks, ADA ramps and retaining walls
- Perform preventive maintenance and repairs on 1,450 street lights
- Identify and mark locations of Cityowned underground utilities for construction work done in public rightof-way

		\$14,629	Annual C/CAG membership fee.
		\$10,371	Asphalt grinding
8632	NATURAL GAS & ELECTRICITY		
		\$106,000	Electricity for street lights, Children's Bridge lights and traffic
			signals.
8642	STREET REPAIR/MAINT SUPPLIES		
		\$95,000	Asphalt for permanent repairs on streets damaged from
			potholes and severe alligator cracking. Concrete for curb and
	191		gutter repairs. Guardrail supplies and street light supplies.

## 231-751 Traffic & Electrical Operations

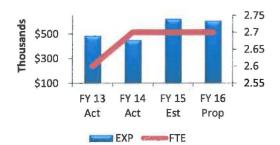

#### **Purpose**

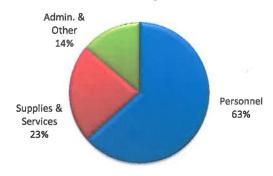

The Traffic & Electrical Operations Fund provides essential traffic control devices to ensure safe and reliable mobility to meet the community's needs.

### **Highlights**

- Maintain and repair the City's 3,000+ regulatory, warning and guide signs
- Maintain and repair traffic signals at six City-owned intersections
- Maintain roadway striping, 43,000+ feet of painted curb and six in-roadway lighted crosswalks
- Install, modify and maintain traffic calming devices
- Maintain the Children's Bike Bridge
- Remove graffiti in public right-of-way
- Install holiday banners

## 234-730 Street Capital Improvement Projects

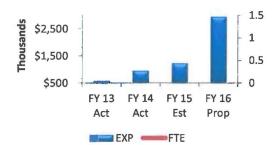

#### **Purpose**

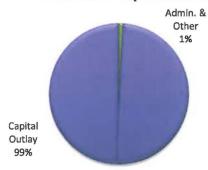

The Street Capital Improvements Projects Division (Measure A Grant Projects) is responsible for the construction and repair of the City's transportation infrastructure in a cost effective way to ensure the mobility and safety of all users.

#### **Highlights**

- Planning, Designing and Construction of Street Capital Improvement Projects
- Ralston Corridor Study completed August 2015
- Completion of 2014 Slurry Seal Project in Summer 2014
- Construction of Pavement Reconstruction Project in Summer 2015
- Development of Comprehensive Pedestrian/Bicycle Plan in FY 15/16

## 275-902 Affordable Housing Successor Agency

### **Purpose**

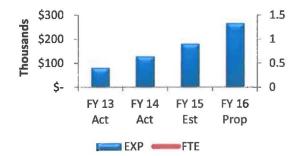

The Affordable Housing Fund was established to account for the activities of the housing properties transferred from the former Redevelopment Agency (RDA) to the City as Housing Successor, consistent with State law.

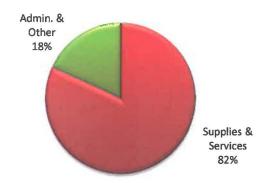

This fund also supports the establishment of housing program priorities, including interim and long-term uses for the City's Low and Moderate Income Housing real property assets.

### **Highlights**

- Owned and maintained five affordable housing units within the City.
- Developed an asset disposition plan that establishes housing program priorities and consolidates resources for development of more affordable housing units.
- Participating in County-wide affordable housing Nexus Study to determine the impacts that development has on housing supply, and will position the City to explore Affordable Housing Impact Fees.
- ➤ Updates to the General Plan Housing Element 2015-2022 in progress for Adoption in Winter 2014.
- > = Council Priority Active Project

## 308-802 General Facilities Improvement

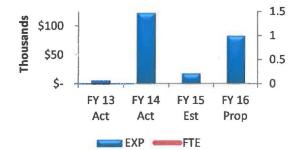

#### **Purpose**

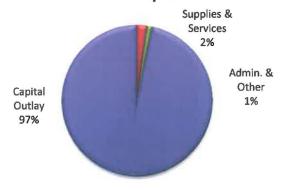

The General Facilities Improvement Division serves to provide a funding source for capital improvements to the City's facilities. The division serves as a repository for one time funds, grants, or donations that are allocated for specific facility improvement projects.

### **Highlights**

- The Division funds improvements to City facilities, including roof, siding, carpet, and HVAC repairs and replacements.
- Priorities include carpeting in areas of City Hall, roofs at the Twin Pines Senior and Community Center and painting and siding repairs on City Hall.

## 310-760 Emergency Repair

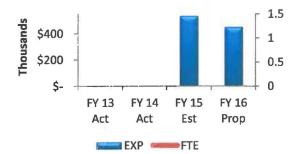

### **Purpose**

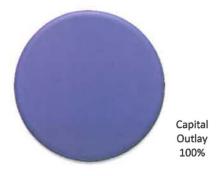

The Emergency Repair was established to fund unanticipated repairs to the City's Infrastructure, which is not fully supported by user fees.

### **Highlights**

- Funded emergency storm drain damage threatening Ralston Avenue.
- Funding will reconstruct high traffic use and seriously degraded portions of Notre Dame Avenue and make associated drainage improvements to extend the roadway's useful life.

## 341-810 Park Improvement Projects

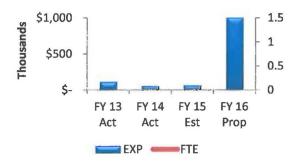

### **Purpose**

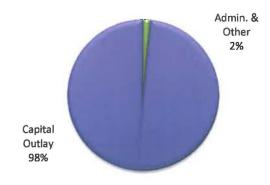

The Park Improvement Projects Division includes Capital outlay projects which provide new or enhanced recreational opportunities to the community through the acquisition of land for parks, design and construction of new parks, or major rehabilitation of existing parks.

### **Highlights**

- New construction, improvements or rehabilitation of City parks and playgrounds
- Acquisition of lands to further provide recreational opportunities
- Improvements or rehabilitation to recreational areas
- Improvements to the City's Open Space and trails
- Alexander Park restroom replacement project
- Davey Glen Park Design and Development

## 501-701 Sewer Planning & Project Management

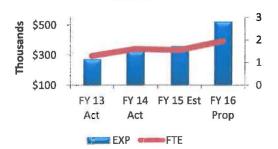

#### **Purpose**

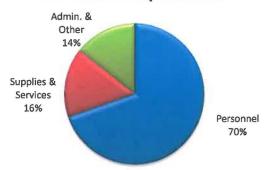

The Sewer Planning & Project Management Division manages the City's sewer infrastructure in a cost effective way to ensure the health and safety of the community.

#### **Highlights**

- Evaluating existing sewer infrastructure
- Developing strategies to determine cost effective approaches to asset management
- Sewer Capital Project Planning
- Public Education related to inflow and infiltration
- Smoke testing follow-up and enforcement
- Regulatory compliance

## 501-710 Sewer Utility

#### **Purpose**

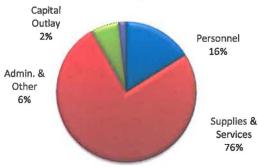

The Sewer Utility Division serves to provide a safe and reliable sewage collection system to ensure the health and safety of the community.

#### **Highlights**

- Maintained and repaired the City's 90 miles of sewer main lines and 11 pump
- Performed CCTV inspections on 65,000 feet of sewer main lines and 6,700 feet of force main
- Cleaned 110,000 ft of sewer main lines
- Smoke test to locate sources of inflow and infiltration
- Root foam approximately 48,000 55,000 feet of sewer main lines annually to address ongoing problems with root intrusion
- Respond to 350 calls for lateral line blockages and clear blockages located within the public right-of-way sections of private laterals
- Cleaned and inspected approx. 1,500 manholes

## Total Expenditures & Staffing Trends

## 503-730 Sewer Capital Improvement Projects

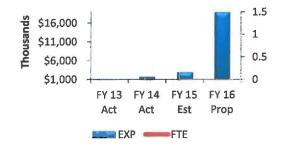

### **Purpose**

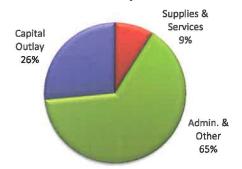

The Sewer Capital Improvement Projects Division is responsible for cost effective construction and repair of the City's sewer infrastructure in order to ensure the health and safety of the community.

#### **Highlights**

- Planning, Designing and Construction of Sewer Capital Improvement Projects
- Force Main Evaluation completed Spring 2015
- Completed Phase I of the Ralston Avenue Sewer Main Improvements
- Design of Phase II of Ralston Avenue Sewer Main Improvements

## 505-730 Sewer Treatment Plant Expansion (Connection)

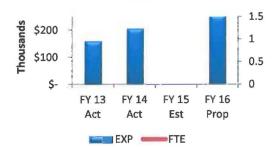

#### **Purpose**

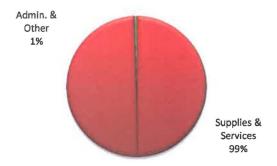

The Sewer Treatment Plant Expansion (Connection) funding provides for the costs associated with expansion of capacity in the Silicon Valley Clean Water (SVCW) Conveyance System and Treatment Plant based on City's capacity needs.

### **Highlights**

 Budget fully funds SVCW membership contribution requirements for expansion of capacity

## 507-730 Sewer Treatment Plant Upgrade (Facility)

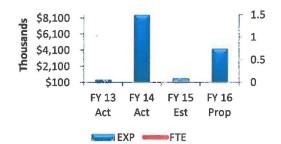

#### **Purpose**

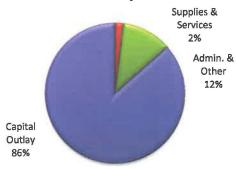

The Sewer Treatment Facility Charge provides funding for the City's portion of the Silicon Valley Clean Water (SVCW) Capital Improvement Program related to the facility repairs and upgrades, and regulatory compliance.

#### **Highlights**

 As a result of changes in SVCW's CIP rollout, the Debt Management program has been modified. For FY 2014, the use of cash reserves versus bond issuance is now contemplated and will likely be followed into FY 2015. Should SVCW begin drawing 30-year State Revolving Loan Funds (SRF), as is the plan, then the City will likely reduce the likelihood of issuing its own debt.

## 525-701 Storm Drain Planning & Project Management

#### **Purpose**

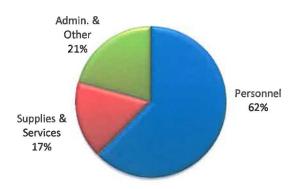

The Storm Drain Planning & Project Management Division manages the City's storm infrastructure in a cost effective way to ensure the health and safety of the community.

### **Highlights**

- Evaluating existing storm drain infrastructure
- Developing strategies to determine cost effective approaches to asset management
- Storm Drain Capital Project Planning
- Securing Environmental Permits
- Preparation and Administration of Grant Applications
- Commercial and Industrial Inspections for MRP compliance
- Construction Storm water Inspections
- · Creek Restoration Program
- Regulatory Compliance

## 525-720 Drainage and Water Pollution Control

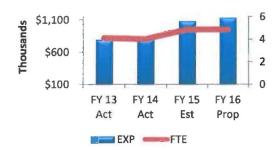

#### **Purpose**

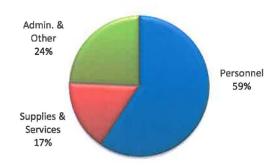

The Drainage and Water Pollution Control Division serves to protect the environment from flooding and erosion with a safe and reliable storm drain collection system, and reduce pollution and run-off in compliance with state and federal regulations.

#### **Highlights**

- Clean, maintain, inspect, repair 1,400+ storm drain inlets, 2 pump stations and 26 miles of storm drain lines
- · Maintain creeks & flood control facilities
- Implement strategies to obtain a 40% reduction of trash in the storm system
- Comply with the California Regional Water Quality Control Board San Francisco Bay Region Municipal Regional Stormwater Permit requirements
- Respond to emergency calls in to storm events.
- Maintain 55 full capture trash devices citywide
- Perform CCTV inspections on 15,000 feet of storm drain lines
- Sweep 4,820 curb miles and collected 545 tons of debris.

## 530-770 Solid Waste Management

#### **Purpose**

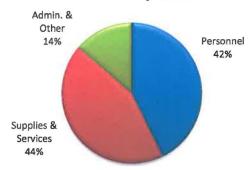

The Solid Waste Management ensures that all residents of Belmont are provided with a safe, and ecologically-sound clean, environment. The Department manages City's Franchise Agreement that emphasize waste reduction and recycling, composting, environmentally-sound landfill management to meet the City and region's long-term disposal needs. The program the delivery of quality environmental programs through franchise and fiscal management, community outreach and education, and customer service.

#### **Highlights**

- Single stream recycling
- Household hazardous waste
- E-waste, compost and shredding events
- NPDES stormwater compliance

# 530-813 Litter Control

#### **Purpose**

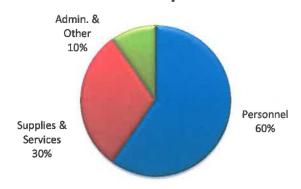

The Litter Control Fund serves to improve waste management in City facilities, parks, medians, rights-of-way, athletic fields, and open space.

### **Highlights**

- Purchase new waste management containers that include composting, recycling, and trash.
- Collect and manage the waste generated by activities in the City's parks and picnic areas.

# 570-503 Workers' Compensation

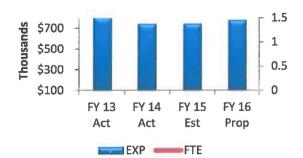

#### **Purpose**

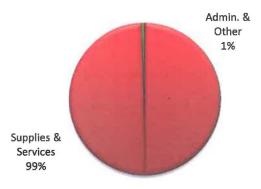

This division serves to provide Worker's Compensation coverage to the City's employees.

### **Highlights**

- Facilitated transition to new Workers' Compensation Third Party Administrator (TPA).
- Prior to 1997, the City was self-insured for Workers' Compensation. Claims from this period are referred to as a "tail". A continued effort to settle tail claims is being pursued.

# 571-503 Liability Insurance

#### **Purpose**

The Liability Insurance Fund provides protection from casualty losses through the placement of liability insurance coverage from third parties.

To achieve the lowest overall program cost, the City is responsible for the first \$250,000 of general liability from claims filed as part of self-insured retention terms agreed to with the third party insurers.

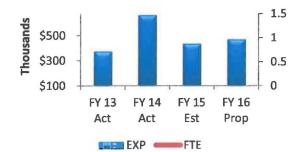

Liability program costs are allocated to all operating divisions based on claim losses in prior years.

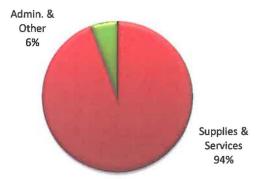

Departments are charged an amount sufficient to fund the program expressed as a percentage of base payrolls.

#### **Highlights**

- Completed successful policy renewal with market comparison.
- Defended City from claims explosures by combining the efforts of the Finance Department and City Attorney's Office, coupled with outside professionals, to prevent payment of unwarranted claims.

# 573-301 IT Operating

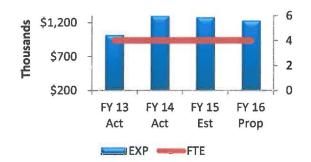

#### **Purpose**

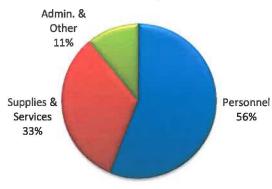

Information Technology enhances productivity and efficiency through the timely implementation of cost effective technologies that meet goals defined by the City Council and City staff.

#### **Highlights**

- Implementation of Voice-over-IP Phone System
- Installation of Wireless Network for City Facilities
- Enhanced Data Recovery via Disk-to-Disk Solution
- Technology Refresh of Emergency Operations Center
- Upgrade of Multiple Applications: Council Agenda Management, Video Streaming of Council Meetings, Asset Management, & Traffic Management
- Police Records Information Management System
- Assisted Police with Implementation of Officer Worn Video

## 573-740 Fleet Management

#### **Purpose**

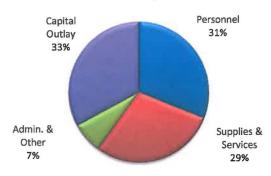

The Fleet Management Division serves to provide safe, reliable, functional and cost effective vehicles and equipment that enable City staff to serve the community.

#### **Highlights**

- Provide preventive maintenance and repairs on 103 City/BFPD vehicles, equipment and emergency back-up generators
- Develop vehicle specification, manage the procurement and disposal of vehicles and equipment
- Ensure emission compliance for both onroad and off-road vehicles and equipment
- Comply with all local, state and federal regulations
- Oversee the City's underground fuel tank and fuel management and dispensing systems

# **574-801 Facilities Management**

#### **Purpose**

Facilities Management supports the effective conduct of City business and programs and provides public gathering spaces in safe and well-maintained buildings.

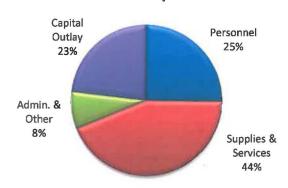

The facilities managed by the Parks and Recreation Department represent the majority of Belmont's public facilities and are a significant public investment. The Parks and Recreation Department manages over 160,000 square feet of built space representing an insurable investment of over \$50,000,000.

#### **Highlights**

- Maintenance and repair of various structural and mechanical systems that make up City buildings, including elevators, generators, roofs, paint, flooring, fire safety equipment and HVAC systems.
- Facilitation and supervision of regular and routine custodial services.
- Preventative maintenance on City buildings.
- Energy and water conservation projects.
- Track assets and analyze Belmont's facilities to prioritize use of resources
- > = Council Priority Active Project

## 574-803 Recreational Facilities

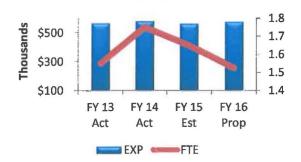

#### **Purpose**

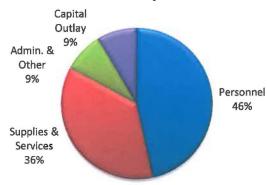

The Recreational Facilities Division serves to provide quality, affordable, accessible and well-maintained facilities for a variety of recreational and rental opportunities for both public and private uses.

### **Highlights**

- Scheduling facilities for City meetings, programs and events
- Marketing, scheduling, and renting facilities for private and non-profit uses
- Providing safe, clean and properly prepared facilities
- Updating the Facility Use Policy which governs use of City facilities for rentals and events

# 575-503 Benefit Prefunding

#### **Purpose**

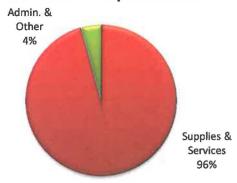

The Benefit Prefunding is used to account for certain employee benefits which have been accrued, (i.e., earned) by the employee and are payable to the employee at a future date.

### **Highlights**

- The fund operates at a self sustaining level.
- Other post-employment benefits, e.g. medical coverage, have been funded in accordance with current best practice and generally accepted accounting standards.
- Completed bi-annual Other Post-Employments Benefits (OPEB) actuarial analysis as required by GASB 45.
- Initiated analysis on pre-funding of accrued leave obligations.

Project:Street ImprovementsFund:234 Street Improvement Measure ANeighborhood:CitywideDivision:730Asset Category:StreetsProject #:3100

The City's Pavement Management program is intended to improve the overall condition of the City's street network by maximizing the cost effectiveness of available funds. A primary component of the program is preventative maintenance as these treatments (crack and surface seals, slurry seal, and thin overlays) extend the life of good pavement at a much lower cost than rehabilitation or reconstruction treatments.

The Twin Pines Senior and Community Center serves the community by housing Senior Services activities and community events but also acts as an emergency shelter and official cooling station. In 2011, an apartment fire led to the evacuation of about 25 residents in the middle of the night. These folks were transferred to the Twin Pines Senior and Community Center for short term stay while their relatives were notified. As an emergency shelter and cooling station the building is not prepared because it lacks backup power generation. This project includes the installation of a backup generator to power the facility in case of a power outage. Staff will seek grants and other funding sources to fund this project.

There is no identified funding source for this project. Staff will seek grants and other funding sources to fund this project.

Project:Davey Glen ParkFund:341 Planned ParkNeighborhood:CentralDivision:810Asset Category:ParkProject #:8048

The project includes the design and construction of a new neighborhood park on Davey Glen Road. The one acre site was dedicated for a park as part of the Ross Woods Development. In FY14-15, the Department plans to complete the design and environmental compliance and prepare the project for construction. Because of the duration of construction, the project will be built in a phased approach over two fiscal years.

The force main pipes are used to transmit sewer flows from the pump station to the gravity line. The City has 11 sewer pump stations and each pump station has a force main line. An evaluation of II of the sewer main pipes will be completed in 2014. The results of the evaluation will be used to plan for future force main rehabilitation.

Project:Sewer System Flow MonitoringFund:503 Sewer Operations-CapitalNeighborhood:CitywideDivision:730Asset Category:Flow MonitorsProject #:7082

This project provides for the installation of flow monitoring equipment at various locations in the collection system. Information gathered will help staff identify locations of high concentrations of I&I. Flow monitoring will produce date necessary to update the wet weather peaking factors used in the sewer hydraulic model. An analysis would determine the changes in wet weather peaking factors.

This program is intended to fund improvements to the City's storm drainage infrastructure that are not identified during the fiscal year and to reduce intrusion and infiltration to the storm drainage infrastructure. During the winter season, it often becomes apparent that the drainage systems are in adequate condition has failed and require repair or replacement. Drainage improvement projects typically include: 1. Repair or replacement of corroded corrugated metal pipes (CMP); 2. Realignment or replacement of reinforced concrete pipes (RCP); 3. Repair of existing catch basins; 4. Repair of existing gutter or to control surface runoff; 5. Repair of existing subdrains to remove surface and shallow flows.

In 2008, the City finished a Storm Drain Master Plan that addresses areas of deficiencies in the City's stormwater system. Project priorities were established as follows: Priority 1 – Private property flooding improvements, Undersized CMP improvements, and Aging CMP improvements; Priority 2 – Improvements correct existing under-sized lines where the excess flow is not readily conveyed within the street; Priority 3 – Improvements correcting existing undersized lines where there is adequate flow capacity within the street to convey the excess runoff. Addressing these deficiencies will fix I&I problems for the sewer lines. The Master plan has identified \$5.8M for Priority 1 projects. The location for replacement and relining will be prioritized depending on the existing condition and the risk of failure.

Fund: Division: Project #: 573 Fleet & Equipment Management 30

With a vision of transforming Belmont into a digital "eCity," and in support of the Council Priority to improve civic engagement opportunities, e-commerce, and provide for a 24/7 virtual City Hall, the City will continue discovering, implementing, and using technology solutions which will help grow the City into an organization where: • Systems are better connected — reducing redundancy and creating smart integrations. • Employees are better connected — reducing re-work and creating improved communication and cooperation. • Citizens are better connected — improving outreach, collaboration, and providing a better platform for doing business with the city.

This project includes cost-effective solutions to reduce the high energy costs at the City Hall building. Improvements include the remedy of 19 conditions related to the heating and cooling system in City Hall to achieve significant energy savings. In addition, an estimated 38 LED lighting fixtures will also be replaced. This project is referenced as Energy Conservation Measures #1 and #2 in the 2014 Belmont Investment Grade Assessment prepared by PG&E.

The Barrett Community Center suffers from deferred maintenance and the structures, walkways, and utilities have not been upgraded and are in generally poor condition. The weatherproofing (roofing, windows, doors), heating, air conditioning, plumbing systems, electrical systems, and accessibility requirements need to be addressed. In 2011, the Parks and Recreation Department worked with the Building Inspector to conduct an assessment of the buildings. This project includes modest improvements to make the facility more safe, appealing, and useable while starting the long term planning for the future of the site. This project can also include improvements to other recreational facilities that the City manages such as the Manor House. Projects can include painting, renovation of classrooms, improvements to the bathrooms, installation of traffic barriers, security gates, door locks, parking lot and walkway improvements, and other work to make the site more safe, appealing, and useable.

# FY 2016 Budget Organizational Values

We believe local government exists because of our Citizen-customer and seek to understand and meet their needs within the resources available to us.

We are dedicated to the highest standards of honesty, integrity and ethics in all that we do.

We believe that employees are our most important resource and the cornerstone of the City's success.

We are dedicated to providing our employees with the tools, training and incentives necessary to accomplish our mission.

We are dedicated to an open government process which encourages citizen involvement in all aspects of municipal activities.

We are dedicated to the fair and respectful treatment of all people, and we recognize and value the strengths derived from our diversity.

We are dedicated to responsible fiscal management, the development of a sound local economy and long-term fiscal stability.

We are dedicated to providing quality services and continuously improving our service delivery through relevant, reliable, and consistent processes.

We believe that teamwork, partnership and interagency cooperation synergizes work and improves the quality and consistency of outcomes by strengthening and refining ideas, objectives and work products.

# FY 2016 Budget Vision Statement

#### **DISTINCTIVE COMMUNITY CHARACTER**

- · Belmont prides itself on being unique
- · Its small-town ambience sets it apart as a tranquil, safe, and desirable place to live.
- · We get involved in town matters because we care about living here.
- · We connect with each other in all kinds of gathering places.
- Our strong sense of community and enjoyment of the town's assets and activities deepen as we become better informed and connected.

#### **EASY MOBILITY**

- · We put a priority on getting out of, into, and through town efficiently.
- · Bicyclists, walkers, and other nondrivers get where they're going easily and safely.
- We require safe residential streets and smooth-flowing thoroughfares.

#### **NATURAL BEAUTY**

- · We choose to make our home among these beautiful hills, trees, parks, views, and open spaces.
- · Our natural surroundings inspire us to play, create, and contemplate.
- Our actions today preserve and enhance Belmont's beauty to make it even lovelier for our grandchildren.
- · Our wooded residential areas are diverse, peaceful and well maintained.

#### THRIVING CULTURE

- · Belmont is a wonderfully safe and supportive place to raise a family.
- We facilitate lifelong learning in our academic, artistic, athletic, and social dimensions
- · Our schools and library are the pride of the community.
- Our university is intrinsic to Belmont's social, artistic and economic life.
- · Our playgrounds and athletic fields are of high quality and in high gear.
- The arts thrive in this creative, appreciative town the arts hub of the Peninsula.
- Our history makes Belmont what it is, and we preserve that heritage for our children.

#### **THRIVING ECONOMY**

- · A charming, vibrant town center is the heart of our civic and economic life.
- Our economy prospers with a mix of attractive, successful businesses that fit with our community character.
- · We look first into our town shops and restaurants for what we need.
- · Education, arts and the economy flourish in concert.

### FY 2016 Budget Profile

- Date of Incorporation: Belmont was incorporated as a General Law City in 1926.
- Form of Government: Council/Manager
- Authorized Employees as of July 1, 2015: 125.85 permanent, full-time equivalents
- Area in square miles: 4.61 square miles
- Miles of streets and alleys: 70 miles
- Number of street lights: approximately 1,465
- Miles of storm drains: 27 miles
- Police protection:

Sworn personnel: 31 Non-Sworn personnel (full-time): 14

• Parks and Recreation:

Number of developed parks: 14 (approx. 60.4 acres)

Open Space: 287.58 acres

Community buildings: 19

• Fire Protection: Provided by the Belmont Fire Protection District.

Number of fire personnel: 23

Number of fire stations (Belmont): 2

 Sanitary Sewer Services: Provided by Silicon Valley Clean Water which serves Belmont, San Carlos, Redwood City, and Menlo Park.

Miles of sewers (Belmont): 85 miles

Number of service users (Belmont): 8,242

Water services - Provided by the Mid-Peninsula Water District

#### **APPENDIX**

### What is the Basis for the City of Belmont Budget?

The City of Belmont prepares its budget using the modified accrual basis of accounting whereby revenues are recognized when they become measurable and available. Likewise, expenditures are recognized when an event or transaction is expected to draw upon current spendable resources.

The budget document itself is based upon the principle of cost centers (i.e., funds, departments, and service areas). The City of Belmont prepares its budget based upon discrete service centers or divisions, which represent the many cost centers through which services are delivered. This allows the City Council to determine with accuracy what the true cost of delivering a service is and what impacts either increasing or decreasing appropriations will have on a particular service. This method is consistent with generally accepted accounting principles.

Departmental management responsibility is identified for each service center and division. Each service center and division has within it elements of the major policy initiatives determined by the City Council, where appropriate. In addition, performance standards and measures are stated. This allows management and the City Council to evaluate how expenditures are achieving stated objectives and performance expectations.

### What are the Budgetary Policies of the City of Belmont?

The City of Belmont operates under a set of budget policies, which guide the development of the budget. These policies are presented below.

Where possible, General Fund revenues, operating expenditures and transfers should balance on a "current" basis.

The City Council has established a policy on the balance of unreserved fund balance of the General Fund. This policy establishes reserves at a target 33% of operating expenditures with a \$5,000,000 minimum. Beginning in FY 2016, the City Council will establish a revised \$100,000 Contingency appropriation that may be used to pay for an emergency or an uncertain occurrence. The use of contingency funds requires City Council approval.

Supplemental appropriations during the fiscal year require an appropriations adjustment resolution passed by the City Council.

There are several different types of appropriations:

In the case where there is a transfer of approved appropriations from one service center or division to another, the appropriation transfer is an expenditure transfer only and the overall size of the budget is not increased and no additional transfer is required from a fund balance.

In the case where there is an increase in the size of the budget because of the appropriation increase, the resolution requires an offsetting change in fund balance unless the added cost is accompanied by an unanticipated increase in revenue to either the General Fund or a restricted fund. If such an offset occurs, then there is no change to the fund balance but the increase in revenue and the source of that revenue is to be shown in the appropriations adjustment resolution.

Where the increased appropriation is to be funded from fund balance and no offsetting revenue is identified, the resolution must show a decrease in fund balance from that expected when the budget was adopted.

Where the increased appropriation is to be funded from the General Fund, an appropriation from the \$100,000 contingency shall occur first, as this has already been accounted for in the City's overall expenditure plan for the year. In the event that the total contingency is expended, the City Council will have to decide, on a case by case basis, to authorize a further expenditure from the City's General Fund unreserved fund balance.

The Department Heads approve interior appropriations adjustments within the division. Interior appropriations adjustments between divisions and departments requires the approval of the City Manager. Exterior appropriations adjustments between funds require approval of the City Council.

Within legal limits, the City shall allow transfers consistent with implementing the programs and activities outlined in the budget. However, the City shall discourage the use of transfers when:

- Amounts are excessive and seriously alter priorities in the budget
- Made to obscure chronic deficits resulting in a delay of corrective action
- Shift the burden of taxation from one group to another
- Made from the General Fund to business type funds, whereby the transfer constitutes a subsidy from the general taxpayers to customers of the enterprise

Wherever possible, fees, charges and other revenues should cover the full cost of those services and activities for which they were intended. The City Council determines the application of this policy on a case by case basis. Staff assumes the policy is to be used in establishing the budget, except where the City Council has previously determined otherwise.

To shelter itself from exposure from a decrease in any one revenue source, the City shall seek diversification and stability in its revenue mix. This policy shall be considered annually as part of the budget preparation process and development of the Master Fee Schedule.

The City shall aggressively seek State and Federal financial support unless conditions attached to that assistance are contrary to the City's interest. Prior to applying for and accepting intergovernmental aid, the City will examine the matching requirements so that a source and availability of these funds may be determined before a grant application is made. Local tax dollars will not be used to make up for losses of intergovernmental aid without first reviewing the program and its merits.

The City shall develop a five year Capital Improvement Program (CIP). The CIP shall provide for the systematic repair and/or replacement of existing capital assets. The CIP shall directly relate to the long range plans and policies of the City. Operating funds to maintain capital improvements and additional staff needs will be estimated and identified prior to making the decision to undertake a specific capital improvement.

The CIP shall be updated annually. This plan will include "unfunded" projects that carry out the strategic and general plans of the City, but it will also include a capital spending plan that identifies the projects that can be completed with the known funding sources.

The City will maintain reserves sufficient to ensure that resources are available annually for the replacement of vehicles and equipment, including technology. Replacement of these assets will be funded through fees charged to users in sufficient amount to correspond to the City's future needs.

#### What are Funds?

Perhaps the biggest surprise encountered by someone examining the financial statements or the budget of a government agency for the first time is the presence of numerous "funds". Whereas even the largest commercial enterprise generally will report only a single amount for each item in its financial statements (e.g., "cash," "sales"), governments, both large and small, will typically report a number of separate amounts in "funds."

Each of these funds is considered to function as a separate fiscal and accounting entity. Funds normally are used by governments to segregate resources related to specific activities (e.g., general operations, capital projects). For most governments, the principal operating fund is known as the "General Fund."

### What Different Kinds of Funds do Governments Use?

Governments may use any number of individual funds in their financial reporting and budgeting (although they are encouraged to use the least number of funds practical in their specific circumstances). Regardless of the number of individual funds used, generally accepted accounting principles (GAAP) require all of these individual funds to be

aggregated into no more than seven specified "fund types" on the combined balance sheet.

Four of these fund types are known as the "Governmental Funds." They are the General Fund, the Special Revenue Funds, the Debt Service Funds, and the Capital Project Funds. These funds are typically used to account for most of a government's operations and capital expenditures. Two other funds types are known as the "Proprietary Funds" because they function in a manner similar to private enterprise. These funds are the Enterprise (Service) Funds and the Internal Service Funds. The last of the seven fund types that may be found on a combined balance sheet or in a budget document is the Trust and Agency Fund.

#### **General Fund**

The **General Fund** is used to account for the financial resources and expenditures associated with most City operations where revenue is not required to be recorded in a separate fund. As the name implies, revenues collected in this fund are not restricted as to which division or purpose they may be expended. The sources of revenue for the General Fund are primarily from taxes intergovernmental (other governmental sources), service charges and the use of money and property held by the City of Belmont.

### **Special Revenue Funds**

Special revenue funds are used for a number of activities. They include:

The **Recreation Services Fund** is used for Parks and Recreation. Currently the direct cost of providing these programs is paid for by the fees collected for the activities. The City has historically supported these programs, with \$560,000 as a guideline, from the General Fund.

The **Library Maintenance and Operation Fund** is used for on-going maintenance of the Belmont Library Community Facilities District, including the Library and adjacent Belameda Park. The cost of providing these services is funded by special taxes.

**Athletic Field Maintenance Fund** is used to account for the ongoing maintenance of the City's athletic fields.

**City Tree Fund** is used to account for the removal of trees required for the development of property.

The **Development Services Fund** is used to account for the Permit Center and Development Regulation Programs. This fund makes it possible for staff to track and determine if development fees are covering the direct and indirect cost of providing these services. State law allows for full recovery of these costs.

The **General Plan Maintenance Fee Fund** is used to account for activities related to the General Plan Update.

The **Belmont Fire Protection District** operates under the umbrella of the City of Belmont. The purpose of this fund is to provide fire protection services to the City of Belmont and the unincorporated Harbor Industrial Area. The District has established a reserve target of 33% of operating expenditures.

**Police Grants and Donations Fund** is used to account for grants and donations for the Police Department's activities.

**Supplemental Law Enforcement Services** is a fund used to account for the Citizens Option for Public Safety (COPS) program. Money for this fund comes from the State of California and can be used for front line law enforcement programs. The amount of money received is based on population.

**Gas Tax Fund** is required by the State of California to restrict the use of these tax dollars to street improvements and maintenance. The money from this fund is used to pay for street maintenance activities. These funds are expended on a first-in, first-out basis, consistent with recommendations by the State Controller's Office.

**Street Improvements (Measure A/Grants) Fund** is restricted for street improvements. The primary source of funds comes from sales taxes and is spent on transportation related capital projects and programs.

**Affordable Housing Successor Agency Fund** was created as a result of the dissolution of the Redevelopment Agency. It is used to account for the City's housing-related activities that were formerly administered under the Low and Moderate Incoming Housing Fund.

### **Capital Project Funds**

The **General Facilities Fund** is used to account for minor improvements to the City's facilities. Fees collected in this fund are used to offset both the direct and indirect cost of implementing these projects.

**Emergency Repair Fund** was established to fund unanticipated repairs to the City's infrastructure including streets, retaining walls, bridges, culverts, waterways, buildings, etc. This money will be used to pay for future significant and unexpected infrastructure repairs.

**Comcast PEG Fund** has been established to account for the purchase and installation of hardware within City Hall to broadcast events to Pen TV, our Public Education Government Channel.

**Planned Park Fund** is for the acquisition and improvement of parks, playgrounds, and recreation facilities.

**Open Space Fund** has been established to develop plans and purchase open space properties, such as those in the San Juan Canyon.

**Special Assessment District** is for maintenance and improvement costs within City's Special Assessment District boundaries. Resources represent funds remaining after the retirement of Special Assessment Debt.

#### **Debt Service Funds**

The debt services funds are used to account for financial resources to be used for the payment of principal and interest on long-term debt.

The **Library CFD Bond Fund** accounts for the Library special taxes legally restricted for the payment of principal and interest on long-term indebtedness generated by the Library Mello-Roos bonds sold in 2004.

#### **Enterprise Funds**

The **Sewer Enterprise Fund** is used for financing the City's operating costs associated with the operating of the South Bayside System Authority (SBSA). SBSA is a joint powers authority that manages wastewater treatment.

The **Sewer Capital Fund** is used for the physical improvements to the City's sewer system.

The **SBSA Treatment Plant Connection Fund** is used to account for maintenance and operating activities at the SBSA plant. Revenue for the improvements comes from fees paid by users connected to the sanitary system.

The **SBSA Treatment Facility Charge Fund** is used to account for capital improvements made to the SBSA plant. Revenue for the improvements comes from the Sewer Treatment Facility Charge paid by users connected to the sanitary system.

The **Storm Drainage Enterprise Fund** is used to account for operations to the City's storm drainage system. Funding comes from customers connected to the City's sewer system, due to extensive infiltration to the City's sewer system, and NPDES charges.

The **Solid Waste Fund** is used to account for operating costs associated with the City's Solid Waste Franchise Agreement.

### **Internal Service and Other Funds**

Internal service funds include the City's **Workers' Compensation Fund** and **Liability Insurance Fund**. The City has purchased insurance with coverage of \$125,000 with no deductible. The City also has excess workers compensation coverage of \$5,000,000 with a deductible of \$125,000. The cost associated with workers' compensation is based on rates established by the carrier and allocated to the operating divisions and service centers.

The City has purchased insurance coverage of \$25,000,000 per occurrence above the City's self-insured retention of \$250,000. The cost of the liability program is allocated to all operating divisions and service centers based on claim losses in prior years.

**Self Insured Vision Fund** is for the City's dental and vision reimbursement plan for its employees.

The **Fleet and Equipment Maintenance Fund** is used to collectively manage the purchase of vehicles and computer hardware. Departments "lease" vehicles and computer equipment from the fund. Over time, this fund will accumulate monies to replace worn out equipment.

The **Facilities Management Fund** accounts for maintenance to the City's main facilities, including City Hall, Police, Parks and Recreation, etc. Departments pay for maintenance on a square footage basis. Over time, this fund will accumulate monies to replace furniture, equipment and furnishings.

The Benefit Prefunding Fund and the BFPD Benefit Prefunding Fund were established to account for certain employee benefits which have been accrued, i.e., earned, by the employee and are payable to the employee at a future date. The fund activity includes, but is not limited to, amortizing compensated absences (vacation, sick leave, general leave, etc.), post employment benefits (PERS rate smoothing) and other benefits due to employees upon separation from City service. The Fund also accounts for benefits related to retirees. The cost of these programs are paid by charging departments an amount sufficient to fund the program expressed as a percentage of base payrolls.

### What is the Difference Between "Committed or Assigned Fund Balance" and "Restricted Fund Balance"?

Sometimes governments segregate or "earmark" financial resources for specified purposes. Such "earmarking" is reflected in financial statements by means of "commitments" or "assignments." For example, a government may "assign" resources to be used for a specific purpose. The intent to assign funds is expressed by the City Council and may be changed at the discretion of the City Council. It is very important to distinguish between "reserves" (i.e., "reserved fund balance") and "designations." The former are an indication that financial resources are not available for appropriation,

whereas the latter only indicate that management would prefer to use available financial resources for a specified purpose. Accordingly, although earmarked, designations remain an integral part of a government's spendable or appropriable resources (i.e., "unreserved fund balance"). Committed funds also have constraints that are imposed and may be altered only by formal action of the City Council. The restricted fund balance section refers to amounts that can be used for specific purposes imposed by constitution, external resource providers, or through enabling legislation.

### Is "Unassigned Fund Balance" a Good Measure of Economic Health?

"Unassigned" or "available" fund balance provides a measure of the financial resources available for future spending or appropriation. While an absence of spendable resources may well be an indication of actual or potential economic problems, the presence of such resources is no guarantee of sound economic health. For example, just as an individual can increase his or her checkbook balance by taking out a loan, so too can a governmental fund increase its spendable resources (i.e., "available fund balance") by issuing long-term debt. In neither case would the economic position of the individual or government be improved because the debt must be repaid. Accordingly, a significant level of "unassigned fund balance" should not be taken alone as evidence of sound economic health.

### How High a Level of "Unassigned" or "Available" Fund Balance Should be Maintained in the General Fund?

There is little argument that a deficit "unreserved" or "available" fund balance is normally to be avoided. Indeed, such deficits are illegal in a number of jurisdictions. The "right amount" of unreserved fund balance, however, is a question open to debate, particularly in the General Fund. Bond raters and others often use "rules of thumb" to measure the adequacy of unreserved fund balance in the General Fund. For example, 5 percent of annual operating expenditures is a commonly used amount. Others argue that unreserved fund balance should equal no less than one month's operating expenditures (i.e., 8.3%). Care must be taken, however, to avoid applying such rules of thumb mechanically. A variety of factors must be taken into account when evaluating the adequacy of fund balance in the General Fund. One important consideration is the reliability of a governmental agency's revenue sources. Whereas some governmental revenues are traditionally quite stable, others often can vary significantly depending on conditions in the economy (e.g. sales tax and interest income). Governments depending upon less reliable revenue sources may need to maintain significantly higher levels of unreserved fund balance than those relying upon more stable sources of revenue.

Another important factor is the timing of cash inflows and outflows. Governments whose cash flows are less predictable or uneven because of the timing of revenue collections may need relatively higher levels of unreserved fund balance to maintain liquidity than those with highly predictable continuous cash inflows and outflows.

A third important consideration involves resources available in other funds. Some governments, for example, establish separate "budget stabilization funds" to meet unexpected contingencies. When such additional resources are available in other funds, a lesser amount of unreserved fund balance may be appropriate in the General Fund.

A final important consideration involves the resources which may be required of the government to pay for new programs or large capital projects.

In short, the specific financial history, prospects and circumstances of each individual government must be carefully weighed when evaluating the adequacy of "unreserved fund balance." In the City of Belmont's case, the City Council has established a policy on the balance of unreserved fund balance of the General Fund. The General Fund unreserved fund balance should be maintained at a target of 33% of operating expenditures with \$5,000,000 minimum. Beginning in FY 2016, the City Council will establish a revised \$100,000 Contingency appropriation which may be used to pay for an emergency or an uncertain occurrence. The use of contingency funds requires City Council approval.

### Why Does the City Prepare a Budget?

Any government entity prepares a budget for more than one reason. The first is that it has a legal obligation to do so. But of equal importance for the City of Belmont, is that the budget sets forth the basic spending policy of the City Council. The budget indicates what services and service levels the City Council has determined are to be delivered, what capital improvements to public facilities are to be made, what objectives the organization is expected to accomplish, and what performance standards and measures are to be used to judge both the quality and the quantity of services delivered.

Each year the City Council adopts a budget for the upcoming fiscal year. The City of Belmont's fiscal year begins on July 1<sup>st</sup>. This budget, therefore, will remain in effect through June 30<sup>th</sup>.

There are two major sections of the budget. The revenue side describes the sources and amounts of revenue from other governments, use of money, property, and service charges the City of Belmont expects to receive over the period.

The expenditure or appropriations side describes how much money will be spent from either current revenues or from existing fund balances from the City of Belmont's various funds, both general and restricted, to accomplish the delivery of services and the investment in infrastructure.

While in many ways the City of Belmont's budget may be similar to a household budget, there are some major differences. On the revenue side of the budget, the City of Belmont's income can fluctuate from year to year as money comes in from various sources. Some sources of revenue are forwarded to the City of Belmont from either the State or the County (e.g., grants).

The City of Belmont does have more control over the expenditure side of the budget, but even here, the City of Belmont is faced with a series of statutory requirements (mandates), which dictate that certain services must be offered and funded.

In addition, the City of Belmont does not, in most cases, have the ability to stop providing services simply because it does not have the income. Police protection and fire suppression are the most clear cut examples. Even if revenue decreases substantially, the City of Belmont must still provide an acceptable minimum level of police protection and fire suppression.

A final important thing to remember about the budget document is that it is a plan for service. The projected revenues and the expenditures are estimates. Many things can happen in a year to change either revenue expectations or expenditure needs. The City of Belmont tries to budget as accurately as possible. Should things change there is a process to amend the budget document. Supplemental appropriation resolutions are presented to the City Council during the budget cycle to add appropriations or transfer appropriations from one fund to another. Sometimes these changes will be accompanied by an offsetting additional source of revenue, neutralizing the possible impact on the expected ending fund balance of the relevant fund. Other times these changes will require that fund balances be used, reducing the amount of the fund balance from what was projected at the beginning of the year.

### **How Does the City Prepare its Budget?**

The City of Belmont prepares a budget through a traditional budget process. The City Manager, working in conjunction with the Finance Director, prepares a rough draft of the budget for review by the City Council and Audit Committee. The Audit Committee reviews the draft and provides input to the City Council. Once this has been done, the draft budget is reviewed, considered and adopted by the City Council at a public hearing usually held in June.

### **Major Revenue Sources**

**General Property Taxes** This revenue source is derived from the 1% Property Tax paid by homeowners and businesses to the Country Tax Collector and is based on assessments made on land and structures in the City. Growth in property taxes is realized from the 2% annual increase allowed by Proposition 13, as well as increased valuation which occurs when property is sold and reassessed.

**Sales Tax** This revenue source is the familiar tax that retailers add on to the price of most goods sold in Belmont. The City receives one **percent** of the 9.0 cent/dollar sales tax.

**Business License Tax** This revenue source is a type of excise tax imposed on businesses for the privilege of conducting business within the City. Cities may levy this

tax for both revenue-raising purposes and regulatory purposes that are levied to cover the costs of regulation. This tax is indexed to the San Francisco Bay Area Consumer Price Index and is adjusted annually.

**Transient Occupancy Tax** This revenue source is a general tax (10%) imposed on occupants for privilege of occupying rooms in hotel, motel, inn and other lodging facilities when the stay is 30 days or less.

**Documentary Transfer Tax** This revenue source is derived from the \$1.10 per \$1,000 of value on the legal transfer of property under State Law. Half of the Documentary Transfer Tax is levied by the County of San Mateo and half is levied by the City of Belmont. The amount of revenue received each year is dependent on the volume of real estate transactions for newly constructed and previously owned property.

**Franchise Fees** This revenue source is derived from taxes paid by utilities which have a franchise to operate on City streets and rights-of-ways. These businesses and their tax rates are: **Recology (10%), AT&T Cable (5%), PG&E (1%).** Revenue estimates are based on historical trends with consideration given to announced rate increases and increases in construction over the prior year.

**Development Permits** These revenue sources are derived from building permit fees, plan check fees, planning permit fees, grading plan fees, encroachment fees and engineering fees. As such these revenues are dependent upon the level of building activity occurring in the community and are subject to periodic rate adjustments by the City Council.

**Interest Earnings Investments** This revenue source is derived from investment earnings on the City's cash accounts, investments and loans receivable.

**Refunds and Reimbursements** This revenue source is derived from cost reimbursements and miscellaneous other income. Estimates include negotiated insurance settlements, negotiated cost sharing agreements and miscellaneous other revenues.

**Gasoline Taxes** This revenue source is derived from Sections 2105, 2106, 2107, and 2107.5 of the Street and Highways Code. Generally, the revenues are allocated on a per capita basis. Allocation estimates have been provided by the State of California. The City expends Gas Tax proceeds on a first-in, first-out basis in the Street Maintenance Fund, consistent with recommendations from the State Controller's Office.

**Recreation Service Fees** This revenue source is derived from classes taken from recreation classes from the Park and Recreation Department.

**Facility Rentals** This revenue source is rental of various City buildings including; City Hall suites, Lodge, Cottage, Senior Center, Barrett Community Center, Sports complex and other City facilities.

**Street Access Fee** This revenue source is a street access fee for enterprises. The City of Belmont receives an in-lieu franchise tax from the sewer enterprise.

**Grants** This revenue source is a contribution of cash or other assets from another governmental agency to be used or expended for a specified purpose, activity or facility.

Administrative Reimbursement Fees Internal charges to divisions in support of providing administrative services, including City Manager, City Attorney, City Clerk, Finance, Treasurer, Risk Management, and Human Resources.

**National Pollution Discharge Elimination Systems (NPDES) Charges** This revenue source is collected from customers to pay for the cost of the storm drainage system.

**Sewer Service Fees** This revenue source is collected from customers to pay for the cost of sewer system operations and capital improvements.

### **Major Departmental Responsibilities**

**City Manager's Office** provides comprehensive direction to all City departments, as well as, coordination and administration of city activities, finances and personnel to attain effective and efficient municipal services.

**City Clerk's Office** provides information to the City Council, staff and citizens, assists with elections, and keeps official records of City Council actions and City business.

**City Attorney's Office** provides legal counsel and services to the City Council, its Commissions and the City departments.

**City Treasurer's Office** provides oversight of the receipt, investment, and disbursement of City Funds consistent with state law and the City of Belmont's investment policy.

**Finance Department** provides fiscal services to other city departments, boards, commissions, and Belmont-San Carlos Fire Department. Its roles is to enhance the City's decision making process by giving sound fiscal information and direction, to administer the City's risk management program, to maintain licensing, payroll, and accounts payable systems, and to provide programs and assistance which help define city services and fiscal requirements.

**Human Resources Department** provides personnel support services to the City of Belmont and Belmont Fire Department. Its functions include recruitment, professional development, labor law compliance, compensation management, and employee development.

**Public Works Department** provides inspection and engineering services to public rights-of-way and private development projects; maintains the present system of City streets, sidewalks, storm drains and traffic control devices; and ensures the safe and dependable performance of the sanitary sewer system and pump stations.

**Community Development Department** develops, administers and enforces ordinances, building codes and standards relating to the community's present and future development and construction; and provides resources to accomplish the Redevelopment Agency's goals as outlined in the Agency Plan, the downtown Specific Plan and the Housing element of the General Plan.

**Police Department** provides a sense of security for the community through its patrol services; furnishes information and support to citizens with respect to police service and crime prevention; recovers and returns property to its rightful owner; conducts both criminal and non-criminal investigations; and protects the public in the event of disaster or unusual incident.

**Parks and Recreation Department** improves and maintains the quality of life in Belmont through the provision of educational, athletic and cultural activities in the City's parks and open spaces.

**Belmont Fire Department** provides fire suppression and rescue to the City's residents and businesses, as well as serving as the county-wide Hazardous Materials response team.

#### Glossary of Terms

**Administrative And Other -** A budget category which accounts for all administrative support, vehicle usage, equipment usage, debt service, and other uses required to support the division.

**Allocation** - The division of tax proceeds among local agencies.

**Appropriation** - Money budgeted for a given program. Appropriations are the means by which legal authority is given to expend public money. The appropriation is the maximum level of expenditure authorized.

**Budget** - A plan of financial and program operation which lists appropriations and the means of financing them for a given time period. Belmont adopts a one-year plan.

**California Government Code** - State Legislation providing the legal framework for Municipal operations.

**Capital Asset -** Assets of significant value and having a useful life of several years. Capital assets are also called fixed assets.

**Capital Improvements** - Physical improvements which typically cost over \$5,000 and have a useful life of a year or more and involve the construction or reconstruction of a physical asset. Examples are street improvement projects, park improvement projects, infrastructure improvements and facility construction.

**Capital Outlay** - A budget category that accounts for land, land improvements, buildings, furniture, equipment and rolling stock. Also known as Capital Assets, expenditures exceed \$5,000 and have a useful life of one year or more.

**City Municipal Code** - City Legislation providing the legal framework for the operations of the City.

**Department** - An organizational unit comprised of divisions and managed by a single director.

**Division -** The detailed activity designed to provide a service to the public which is the budgeted level for expenditures.

**Encumbrance** - Financial commitments related to unperformed services or contracts for goods for which part of an appropriation has been reserved.

**Enterprise Fund** - A fund type that can be used to account for operations that are financed and operated in a manner similar to private enterprise where costs of providing a service is recovered through user charges.

**Expenditure** - Appropriated funds which have been spent.

**Fiscal Year** - A twelve-month period of time used for budgeting, accounting or tax collection purposes. California municipalities operate on a July 1 to June 30 fiscal basis.

**Fund** - An independent fiscal and accounting term used to record all financial transactions related to the specific purpose for which the fund was created.

**General Accepted Accounting Principles (GAAP) -** Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

**Grant** - Contributions or gifts of cash or other assets from another governmental entity to be used or expended for a specific purpose, activity or facility.

**In-Lieu Tax** - Tax levied in place of another tax or taxes. The State of California provides in-lieu motor vehicle fees to local governments to compensate for local personal property, not subject to property tax.

**Internal Service Charges** - The charges to user departments for internal services provided by another government agency, such as data processing, or insurance funded from a central pool.

**Personnel** - A budget category which accounts for all salary and personnel related benefits required to support the planned level of program or activity.

**Proposition 4** - Article XIIIB of the California Constitution which limits appropriations to the level of proceeds of taxes.

**Proposition 13** - Article XIIIA of the California Constitution which imposes a 1% limit on property taxes, restricts assessments and places limitations on the levy of new taxes.

**Revenue** - Amounts received for taxes, licenses, permits and fees, intergovernmental sources, service charges, interest and use of property and other income.

**Supplies and Services** - A budget category, which accounts for all supplies, goods and services required to support the division.
